To All Our Partners

It is my pleasure to announce that our hotel, Crown Paradise Club Cancun has been awarded by the company Check Safety First the Cristal Certification.

The Cristal program was specifically designed for the Tourism Industry to meet the National and International standards of hygiene and security.

The monthly review program guarantees that we meet these standards of hygiene not only in Mexico but for all of the countries that our guests visit us from.

Cristal is a member of the company Check Safety First. This company currently has more than 1200 clients throughout 12 countries (Canada, Dominican Republic, Egypt, Mexico, Portugal, Spain, Tunes, United Kingdom, Turkey, and Venezuela)

In addition to the supervision of our food and beverage handling, the Cristal Program contemplates la supervision of pool maintenance, prevention programs of Legionella and support and training of our employees.

The Cristal certification complements the “Distintivo H”, which we have also been awarded. The “Distictivo H” is awarded by the Mexican Secretary of Tourism and Secretary of Health to those Food and Beverage establishments that meet the highest standards of hygiene.

I take the opportunity to thank all our Business Partners whose continued support have made Crown Paradise Club Cancun the leader in All Inclusive vacations in Cancun and to congratulate our employees whose dedication, support and work have made this possible.

Felicidades

Juan Melhado  
General Manager
